NC 400 EX		hearing protection headset	✓	✓	✓	✓	n.p.	n.p.	

Bei den klassischen Headsets mit den 4 poligen NEXUS Steckern verhält es sich wie folgt:
 Headsets mit dynamischen Mikrofon (HC1; HC2 und TM/TC) können nicht mit XG C-C1 kombiniert werden.
 Alle anderen Headsets welche elektrische Mikrofone haben können mit dem Adapter 5 auf 4 polig (DSA50012) mit der XG C-C1 kombiniert werden.

NC400 EX nur mit ATEX RSM /PTTs von SAVOX zu verwenden, soweit in ATEX-Zertifikat aufgeführt
